

Railroad Marine Operations by Location: Tugboat, Steamboat & Riverboats

© ExploreRailHistory -- your personal RailEncyclopedia www.exploreailhistory.com

This list includes companies that owned, used, provided access to or controlled steamships, barges, tug boats, ferry boats, or ferry terminals in their operations. This list also includes Bridges or Bridge companies; in many cases, the railroad arrived at a location before a bridge could be built across the river. Bridges cost a great deal of money, and for this reason, construction had to wait. Meanwhile, the only way of completing the railroad, was to establish a temporary car ferry service across the river.

Bridges cost a great deal of money, and for this reason, construction had to wait. Meanwhile, the only way of completing the railroad, was to establish a temporary car ferry service across the river.

Railroad Marine Operations by Location: Tugboat, Steamboat & Riverboats

© ExploreRailHistory -- your personal RailEncyclopedia www.exploretrainhistory.com

This list includes companies that owned, used, provided access to or controlled steamships, barges, tug boats, ferry boats, or ferry terminals in their operations. This list also includes Bridges or Bridge companies; in many cases, the railroad arrived at a location before a bridge could be built across the river. Bridges cost a great deal of money, and for this reason, construction had to wait. Meanwhile, the only way of completing the railroad, was to establish a temporary car ferry service across the river.

Railroad Marine Operations by Location: Tugboat, Steamboat & Riverboats

© ExploreRailHistory -- your personal RailEncyclopedia www.explorerailhistory.com

This list includes companies that owned, used, provided access to or controlled steamships, barges, tug boats, ferry boats, or ferry terminals in their operations. This list also includes Bridges or Bridge companies; in many cases, the railroad arrived at a location before a bridge could be built across the river. Bridges cost a great deal of money, and for this reason, construction had to wait. Meanwhile, the only way of completing the railroad, was to establish a temporary car ferry service across the river.

Type code = "M" Marine, "MCF" = Car Ferry, "MF" = Ferry Boat, "MSB" = Steamboat, "RTM" = Marine Whse, "RXB" = Bridge

Country	State	City	Company Name	Type	From	To
